What is Work Stride?

Your Healthstat health center benefit includes access to Work Stride, a Johns Hopkins created workplace program that supports the diagnosed, caregivers, and managers grappling with the challenges brought on by cancer.

The program’s highlights include:

+ An advocacy program to support work-life balance while dealing with cancer, portal access, and unlimited Oncology Nurse Navigator access by phone, email and video chat.

+ Dedicated information on all known types of cancer to assist users in navigating their questions and developing a road map to best manage the diagnosed condition.

+ Available to all participants who are benefit-eligible under the School Board of Polk County Florida.

If you’re interested in participating in Work Stride, please reach out to the Nurse Navigator at 844-446-6229.
